COMMUNITY IMPACT REPORT

*Presented by the
First Community Bank CRA Committee*

CEO MESSAGE

Dear Friends,

I have a quote framed in my home that reads, *“One Person Can Make a Difference and Everyone Should Try”*. This is by President Kennedy. As a small community bank, we have spent the last year being very intentional on how we can make an impact in our communities. Our Bank purpose is to “Build our communities one dream at a time!” Dreams come in many shapes and sizes. I invite you to enjoy our Community Impact Report and hopefully you will see that everyone can make a difference and indeed we must all try!

LENDING IMPACT

When businesses and individuals choose First Community Bank for their financial partner and depositor of choice, we are able to lend those funds back into the community. Unlike other peers whose investments often go toward regional or national developments, FCB invests directly in projects that help your local economy grow and flourish. Our team of lending professionals dedicate their time and talents to providing quick and personalized solutions that are tailored to helping you reach your dream.

GIVING IMPACT

First Community Bank approaches donation and giving with intentional focus to help those in the greatest need. Through our *Community Spotlight Program*, we engage customers in giving back as well. Each FCB branch selects 2-3 non-profit organizations in their community to showcase throughout the year. Every time our customers open a checking account, they are given what we call a “free give”- a \$25 donation token which they can give to one of the branch-sponsored charities. At the end of our annual Community Giving Month in August, we donate the collected funds to these community partners!

SERVICE IMPACT

Giving back to our communities doesn't just center around money. Every employee at First Community Bank has an annual service goal they are asked to achieve. With the help of our amazing service coordinator, Chelsea Blietschau, employees are able to find opportunities either during or after work hours where they can contribute their time and talents in meaningful ways.

FINANCIAL LITERACY IMPACT

Utah is the only A+ state in the nation for financial and economic literacy education.¹ In order to maintain this status, businesses, non-profits and schools have to be intentional with how they use available resources to teach the next generation. First Community Bank actively promotes financial literacy through the various channels listed below. We know that education is a catalyst for success in financial management for both individuals and businesses alike.

CUSTOMER IMPACT

It is the vision of First Community Bank to have everyone come in as a customer and leave as a friend. This is accomplished through intentional application of customer service standards throughout the branches and abiding by our bank's value of "I will do the right thing." It's easy for us to say we have above and beyond customer service but don't take our word for it. Here is what the community thinks.

This is an overall rating of the FCB Branches taken from Google Reviews.

"I wanted to take a minute to thank you for all your help today. I know you are busy, and you didn't give up, even when I was ready to do so. I appreciate all you do to help us all!"

-Maria

"We are so thankful for the help and support that we receive on a continual basis with First Community Bank. We have been with them 7 1/2 years and look forward to building and growing our company with their support."

-Jim

"In all my years, this the first time I had a bank with someone to help with problems. I'm just grateful you looked at all."

-Roger

EMPLOYEE IMPACT

Our employees are our greatest assets and we have taken an intentional approach the past few years to create opportunities for them to learn, grow, and progress in their banking career. We allow the employee to take the initiative for their development and are there to offer the tools they need to succeed. The following employees were engaged in educational opportunities sponsored by the bank during 2023. They are not only the future leaders of the bank but also the ones who will continue to build our communities in the long run.
